About Me

A passionate Front-End and PHP Developer, seeking an internship or junior role in a dynamic company. Skilled in building responsive websites using HTML, CSS, Bootstrap, and JavaScript, and comfortable working with PHP and MySQL for backend development. Enthusiastic about improving user experience, writing clean code, and learning modern frameworks and tools.

Work Experience

- Internship Interests – Karachi (Currently seeking internship)
- Hands-on practice with front-end projects (UI/UX wireframes → code).
- Created small PHP + MySQL applications as part of training.
- Experienced in teamwork, debugging, and problem solving.
